24<sup>th</sup> March 2020

To whom it may concern,

The government would like to make you aware that GAH refrigeration Limited and its employees are considered as key partners to the nations supermarkets for the supply, repair and maintenance of mobile refrigeration systems. The services supplied by GAH are essential in supporting the supermarkets crucial work in keeping the nation fed. I would be grateful for any and all support your organisation can provide GAH in their role of keeping the nations refrigerated Grocery Home Delivery fleet safe and operational whilst also trying to increase the number of refrigerated vehicles available. GAH also supply and maintain Pharmaceutical delivery systems essential for the delivery of medicines and vaccines.

Yours sincerely,

Rt Hon Dr Thérèse Coffey MP
